

Sign-Up

Step 1

Go to the [webvault site](#) to sign-up for an account (*Note: you must already have an [account created](#) with the authentication server*).

Step 2

You'll be presented with a log-in page. Fill in the email address with any address (it does not matter what it is as long as it follows the format [email@xyz.com](#))

Log in

Email address (required)

email@xyz.com

Remember email

 Use single sign-on

or

Other

Vaultwarden Web
2025.12.1

A modified version of the Bitwarden® Web Vault for Vaultwarden (an unofficial rewrite of the Bitwarden® server).
Vaultwarden is not associated with the Bitwarden® project nor Bitwarden Inc.

Step 3

Click on Use single sign-on to log create your account.

Vaultwarden Web
2025.12.1

A modified version of the Bitwarden® Web Vault for Vaultwarden (an unofficial rewrite of the Bitwarden® server).
Vaultwarden is not associated with the Bitwarden® project nor Bitwarden Inc.

Step 4

Log into the authentication like normal. You will be redirected back to Bitwarden shortly.

Step 5

Next, enter a master password that you'll need to type in every time you log into the manager. This is for security purposes.

Join organization

Finish joining this organization by setting a master password.

Master password (required) 

Input is required.

Confirm master password (required) 

Input is required.

Master password hint

If you forget your password, the password hint can be sent to your email. 0/50 character maximum.

Check known data breaches for this password
